ENTREPRENEURSHIP  
TRAINING

# Empowering Your Congregation: Entrepreneurship Workshop for Church Members

Empower your congregation to harness their skills—contact us today to learn more about our entrepreneurship programs designed specifically for Christ-Centered churches.

## Core Services

Our entrepreneurship programs provide participants with essential practical skills in business planning, marketing, and financial management. Additionally, we offer continuous support to ensure their success well beyond the completion of the training.

## Course Highlights

- Christ-Centered Entrepreneurship: Merging faith with business principles drawn from the Holy Bible.
- Turning Vision into Reality: Assisting members in transforming their ideas into successful business launches.
- Responsible Financial Stewardship: Handling finances with wisdom and ethical considerations.
- Integrity in Marketing: Promoting businesses in a manner that reflects Christian values.
- Fostering Community Wealth: Supporting local economic development through small business initiatives.

## About Us

At Hustle On Sunday®, we are passionate about the belief that entrepreneurship serves as a vital tool for empowerment and community enhancement. Our customized courses are designed to assist your congregation members in transforming their God-given talents into successful businesses, fostering both individual growth and the economic prosperity of the community.

### Faith Based Mission Alignment:

Courses centered around scripture, crafted to enhance your church's mission of service while fostering empowerment among members.

### Community Focus:

Fostering socioeconomic development within your congregation and the surrounding community.

### Flexible Delivery Methods:

Whether you seek faith-based entrepreneurship training, personalized business planning grounded in biblical principles, or marketing strategies that reflect your values, our solutions are crafted to support your congregation's growth and success.
